Dowsing as a Divine Intervention in Healing

Behind every act of Creation there is a Divine Force. We call upon it while in need.

There are 2 types of powers involved in healing: external (Divine) and internal (our mind).

Let's experience healing by both of these forces: external, as Sacred Geometry of the whole Universe, and internal - our own self-healing ability depending on the potency of our brain.

We will explore the secrets of ancient Egyptian knowledge about Three Sacred Energies: Ultraviolet, Gold and Negative Green – energies, which while working simultaneously heal, clear and protect. One of them, Negative Green, is mistakenly believed to be harmful. Is it in fact healing or killing then?

Let's learn about aspects of colors.

- **Do all colors have aspects?**
- **Correlation between aspects of colors and aspects of our souls.**
- **Does dowsing heal physical body, emotions or soul separately or all of them together and what are the criteria?**

Many simply methods of healing yourself and others on the spot and remotely will be presented and practiced.

Lets experience the healing effect this very potent Healing Triad!

Useful and a skill-building course.

Bonus: you will learn how to make your own Holy Water.
